

Ben Hollingsworth drawing of Log Cabin

Log Cabin setup for small meeting with video presentation

Log Cabin Main room is 40' by 28' level with handicap load/unload pad

Shown setup for a Milton High School class reunion. Showing the available eight 6' tables, that seat 48 people. Plus two 8' tables for serving food and drinks. There are 60 folding chairs available. The cabin also has additional seating on 70' of half log benches with normal chair height around 3 walls. Some are being used while scenes of a movie are being made in the picture below.

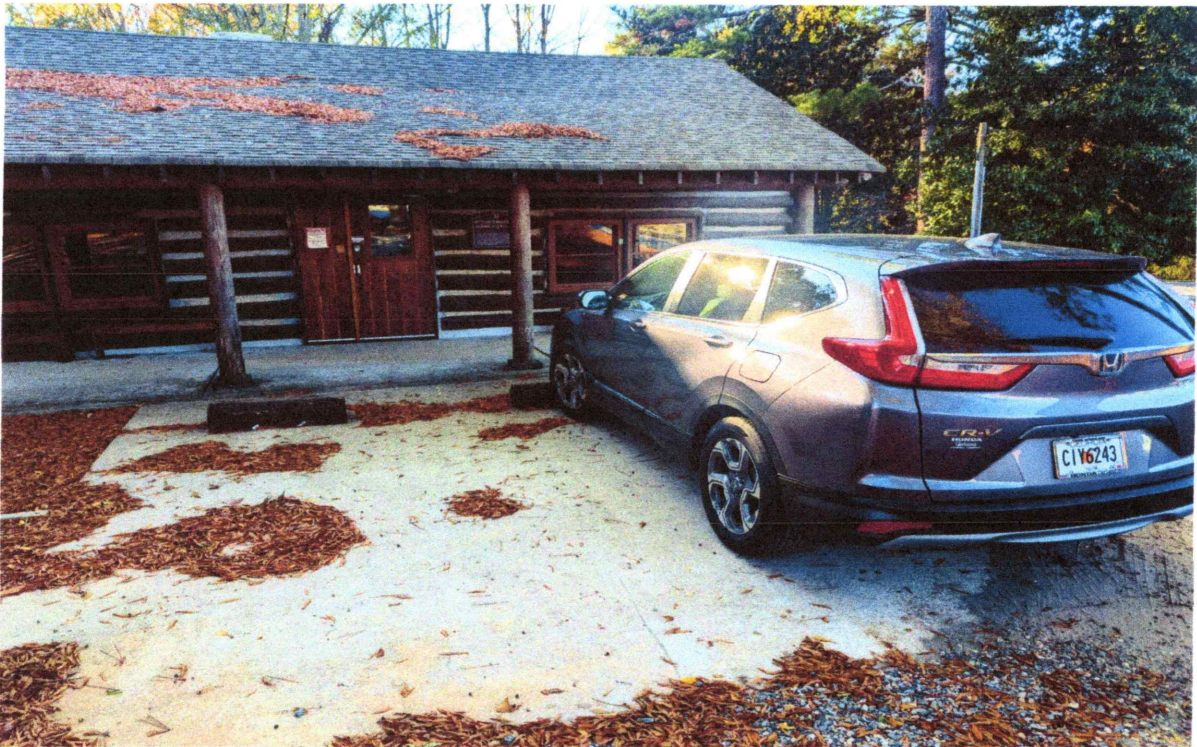

Kitchen with microwave

regular and handicap unisex restrooms

Handicap parking pad for one car parked on left or right side of pad to allow handicap person to exit car onto concret pad and have easy Log Cabin access using wheel chair, walker, etc. If multiple handicap people arrive someone should valet park cars of all but last arrival.
